

Restoring our Waters through our Community

Clean Water Funds: 2013

Clean Water Grant	\$150,000
Leveraged Funds*	\$37,500
Total Project Budget	\$187,500

* Leveraged Funds include required 25% local match

Project Sponsor:

Riley-Purgatory-Bluff Creek

Grant Period:

January 2013—December 2015

Project Contact:

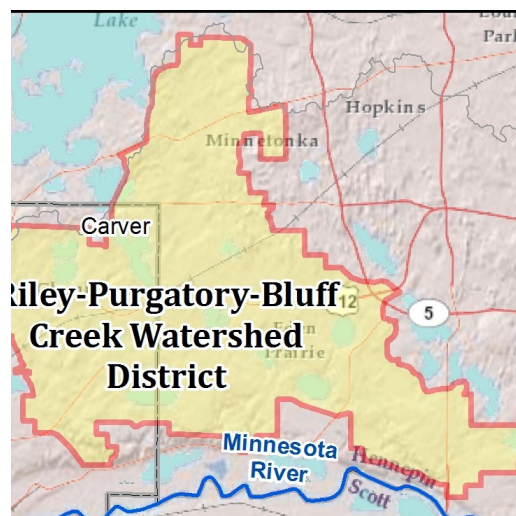

Claire

- CommCWF13-191unity Partners

Project Narrative

The goal of this project is to implement 10-15 medium sized projects that will infiltrate and reduce pollutant loads to the waters in the Riley-Purgatory-Creek Watershed District. The District intends to achieve this by using their Citizen Advisors who are well involved with local associations, City staff who are familiar with associations in their jurisdiction and also seek less-known association through various advertising methods. We intend to use staff knowledge to insure that the projects are suitable for the site and implemented correctly to maximize efficiency. Our final goal for this project is not only to have these projects on the ground to help our waters but also plant the seeds of water stewardship in the community.

Proposed Outcomes:

Ten to Fifteen Community Partners
Grant Projects

Actual Outcomes:

Project in Progress
